DFC® BINS

DESIGNED FOR THE DEMANDS OF  
**INDUSTRIAL MATERIAL HANDLING**

**THE ULTIMATE SOLUTION**

These high-impact-resistant bins are built for the most rigorous demands. They are available in solid or vented side walls and with almost unlimited options to fit a wide range of material handling needs and systems.

## DFC® BINS

### Imperial (US) Units

|                    |                               |
|--------------------|-------------------------------|
| Outside Dimensions | 48" x 40" x 29"               |
| Inside Dimensions  | 44" x 36.2" x 22.75"          |
| Weight Capacity    | 1,700 lbs                     |
| Volume Capacity    | 20.4 bushels; 158 US gallons; |
| Stack Height       | Up to 10                      |
| Stack Load         | 8,500 lbs                     |
| Tare Weight        | 89 lbs                        |
| Truckload Quantity | 154                           |
| Material           | HDPE Plastic                  |

MACX® BINS

## MAXIMIZE YOUR MATERIAL HANDLING EFFICIENCY WITH MACX® CONTAINERS

### BUILT FOR INDUSTRIAL USE

Our bins are engineered to endure the most challenging environments. Impact resistant. Temperature resistant. Rot resistant. Mold and mildew resistant.

### MULTIPLE CONFIGURATIONS

Abundant size options, solid or vented sizes, flexible runner configurations, and great color choices are part of our standard offering. Plus, you can customize sizes, add casters, doors, lids, drains, RFID tracking and more.

### COMPACT & STACKABLE

We've built efficiency into our designs. All bins are stackable and either nest or break down to store inside each other when not in use.

### DESIGNED TO LAST & PROTECT

Smooth surfaces and rounded corners safeguard your contents from damage. Bins are maintenance-free and stand up to repeated power washing or steam cleaning.

### LARGE INVENTORY & FAST SHIPPING

We work hard to keep inventory on hand and ready to ship. Just need a few bins? No worries. We never require minimum quantities for standard products.

### REUSABLE & RECYCLABLE

Bins are engineered from high-density polyethylene which is stable and durable. When their useful lives are over, they're 100% recyclable for zero waste to landfill.
