MAXIMIZE YOUR MATERIAL HANDLING EFFICIENCY WITH KITBIN XT CONTAINERS

BUILT FOR INDUSTRIAL USE

Our bins are engineered to endure the most challenging environments. Impact resistant. Temperature resistant. Rot resistant. Mold and mildew resistant.

MULTIPLE CONFIGURATIONS

Abundant size options, solid or vented sizes, flexible runner configurations, and great color choices are part of our standard offering. Plus, you can customize sizes, add casters, doors, lids, drains, RFID tracking and more.

COMPACT & STACKABLE

We've built efficiency into our designs. All bins are stackable and either nest or break down to store inside each other when not in use.

DESIGNED TO LAST & PROTECT

Smooth surfaces and rounded corners safeguard your contents from damage. Bins are maintenance-free and stand up to repeated power washing or steam cleaning.

LARGE INVENTORY & FAST SHIPPING

We work hard to keep inventory on hand and ready to ship. Just need a few bins? No worries. We never require minimum quantities for standard products.

REUSABLE & RECYCLABLE

Bins are engineered from high-density polyethylene which is stable and durable. When their useful lives are over, they're 100% recyclable for zero waste to landfill.
